

As a recent subscriber to XM Satellite Radio and its traffic and weather channels, I appreciate the excellent service that they provide. Since I am paying for these services, it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. I respectfully urge you to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I am paying for and deserve.

Sincerley,

Chris Wolf
